SCHOOL CIRCULAR Subject: Strict Prohibition of Electronic Gadgets in School Premises

Dear Parents,

This is to inform you that students are strictly prohibited from bringing electronic gadgets such as **mobile phones, Bluetooth speakers, smart watches, earphones, headphones, cameras, gaming devices, or any other electronic appliances** to the school campus.

These items may disturb the learning environment and distract students from academic activities. Therefore, students are instructed not to carry such gadgets under any circumstances unless officially permitted by the school for educational purposes.

Parents are kindly requested to cooperate by checking their child's belongings before sending them to school.

Important Note:

- If any prohibited gadget is found with a student, it will be confiscated by the school authorities.
- Further disciplinary action may be taken based on school rules and regulations.
- The school will not be responsible for loss or damage of such items brought to school.

We expect the support and cooperation of parents in maintaining discipline and ensuring a focused academic atmosphere within the school premises.

Thank you.

Yours sincerely, Nandha Kumar ABC International School.
